

Dear Yoko,

Thank you very much for sending me a very thoughtful & wonderful card. Hearing directly from you was a great gift for you to have given to me.

As always, you are living per the meaning of the word YOKO - Positive. Beyond this, we clearly miss you at work as a wonderful friend, ever present smile, a positive thinker, a positive influencer and a positive reinforcer. I remember distinctly some of the positive reinforcement you have given to me personally over the last 10-12 years of our association. Your positive energy allows you, and those around you, to fight against all the evil in this world. You are a gentle yet a formidable fighter. Please keep fighting for yourself, your family and all of us. We are with you in this battle.

Remember, you are coming back with your positive outlook and good health. We miss you at XIP.

Yoko,

Looking forward to seeing you soon.

Happy good wishes
for a happy birthday soon
and a wonderful new year.
